Good to know.....

about social media ads

TARGETING

Social media ads allow you to reach people beyond your current followers. Ads can be targeted based on location, interests, demographics, behaviors, and more. Using this feature puts your business in front of people who are more likely to become customers.

CLICKS & LIKES

aren't the only signs of a successful ad. Depending on your goal, calls, messages, website visits, leads, purchases, or simply getting your name in front of the right local audience can matter much more than likes.

A SMALL BUDGET

doesn't mean advertising isn't worth it. A well-targeted campaign with strong creative can make a smaller budget work harder by focusing your ad dollars on the people most relevant to your business.

A CLEAR GOAL IS THE MOST IMPORTANT FACTOR

for a successful social media ad!
